

Dear clients this will be a cover letter to accompany the family group sheets and disc which I will be sending. Also serve as a bibliography of sources checked for this report.

In accordance with your request a search was made at the Library at Raleigh and I received a form letter stating that there was no probate record of any kind in Cumberland county, N. Carolina for an Abraham Womack. In thinking over what has been stated to me I would tend to think that your relative saw a copy of the Monroe county, Ga. will because the library there has court records abstracts from all over. An archivist from the Raleigh library checked this for me plus I had already done Thornton Mitchell's statewide probate index and it wasn't listed there. The archivist not only checked for a possible will but also for an estate settlement, inventory, etc.

I have found in my searching not one but several Abraham Womacks and I am enclosing copies of the families as I have been able to compile them from various sources.

Your Abraham Womack in studying his Rev. war pension abstract which was at the bottom of one page and top of another indicates according to the man himself that he lived in Chatham county, N. Car. Both before and after the revolution. No mention of living in Caswell county at all. There were two other Abraham Womack/Womach's in Caswell county early and the one remained in Caswell where he died. The other Abraham ended up in Hancock county, Ga. at part of the same time that your Abraham Womack was there. The other Abraham, not yours died in Hancock county, Ga, in 1797 and had a large family. His family was living in Caswell during the time of Ratcliff's early tax lists so those lists would refer to him and not to your ancestor who would have been in Chatham county during that time.

On the Stephen Kirk, we still have some problems about deciding whether there were one or two of them in Hancock early. One of Parent counties of Hancock, Wilkes has Stephen with McClendon's in Wilkes in 1780's. With approximate age of Anna from 1830 census I had approximated her husband as about her same age. However, if only one Stephen he would have been quite a bit older than she and there seems to be no proof if he married first an Elizabeth McClendon that they had any children at all. The widow, Anna, had part of her husband's estate go to her son's orphan children. No older Kirk's that could have been children of Elizabeth McClendon Kirk and Stephen Kirk. Did she die in childbirth as many ladies did with their babies? No babies? Available records all searched here. No bible records in the large Ga. Daughters of the American revolution bible series.

Located Lt. Commander Kirk's great grandfather, William Rod Barnes, under W. R. Barnes in a recheck of the 1920 census so am enclosing an updated family for you with a filmed copy of original census from Shelby county, Tenn.

Bibliography other sources checked in continuing search on Kirk/Womack, etc.

This completes the review of all the Virginia Womack's which I checked for in my book at home a general reference index called Virginia Wills and Administrations by Clayton Torrence, 1632/1800, by Gen. Publishing, Baltimore.

I have made out work sheets to do additional checking if you wish another time for the end of line Womach/Womacks by deeds in Chatham county, North Carolina and marriages there. Then to finish the counties in Virginia, like Prince Edwards, etc.

We have a pretty good background now on the Abraham that you come through plus an Abraham in IGI within one year of your man's approximate age

in his revolutionary war deposition. Records in that Virginia county would need to be thoroughly checked for probates I located in the above mentioned index for Womacks and in bordering counties, plus deeds. Also for possible old church abstracts.

This completes the time that you sent me funds for plus another half day, 4 hours owing.

It has been my pleasure working with you and your cousin. I wish you both a most pleasant Thanksgiving and also holiday season.

Please keep us posted about the twins and your dear wife.

Sincerely yours,

Mrs. Lola Sorensen/AG
